

JIKA offers ceramic solutions geared towards the needs of businesses. One of them is Golem urinal with an external water inlet, which is popular mainly for its practical and simple design. You can connect this urinal to a horizontal or vertical siphon, and an inlet fitting with a pressure valve, a ratchet or a fitting suitable for sensor control can be used for flushing. We provide an extended 10-year warranty on the urinal. Assembly instructions can be found in the download documents. We recommend using a concealed module for urinals.

Siphonic urinal, external water inlet

Inlet diameter (mm): 30
Minimum flushing quantity (l): 1
Water inlet position: External vertical

Colours and options

☐ H8430610000001 White

Dimensions

Length: 305 mm.

Width: 340 mm.

Height: 535 mm.

Compatible with

H891062 Urinal strainer for Golem urinal

H892003 Siphon, horizontal/vertical outlet

H894803 Angle valve

H894804 Set (cap, tube) with timer

H894805 Elbow 1/2"-1/2"

H894809 Rubber seal for urinal

H894810 Tube d=14 mm, length 250 mm

H894811 Cap

H44J601

Urinal partition, incl. installation kit

H847601 Urinal division, with installation kit
