DIN 19516 Certification

We herewith would like to inform you that the following seat has been tested according to DIN 19516:

Fluke SC (HF W0) C4502Y

Please find below the testing results in detail:

| <u>Test*</u> | <u>Result</u> |
|--------------|---------------|
| A | passed |
| B | passed |
| C | passed |
| D | passed |
| E | passed |
| F | not passed |

The DIN standard defines the constructive and functional requirements, as well as the testing methods, for WC seats & covers for the connection with the WC bowl according to DIN EN 33, which ensures that the product, installed according to the assembly instructions and instructions for use of the manufacturer, shows a satisfactory serviceability.

This DIN standard is applicable for all sizes and forms of WC seats & covers made of plastic independent from use limits.

This DIN standard does not apply for WC seats & covers made of derived timber product and materials covered with plastic as well as for urinal covers and bidet rings.

Yours sincerely,
Hamberger Sanitary GmbH
